30 TAC 290.122(c) states that the owner or operator of a PWS who fails to perform required monitoring, fails to comply with a test procedure, or is subject to variance or exemption granted under §290.102(b) shall notify persons served by the system no later than one year after the PWS learns of the violation. The initial public notice shall be issued in the following manner:

Please indicate how the PWS provided this public notice to customers, mark all that apply:

COMMUNITY WATER SYSTEM:

- Mail or other direct delivery to each customer receiving a bill and to other service connections to which water is delivered **OR**
- Reporting in the Consumer Confidence Report (CCR) **(At least one of these two options is required)**
AND any other method reasonably calculated to reach other persons served by the PWS such as (choose one or more below):
- Delivery of multiple copies for distribution to others (i.e. apartment building owners, large private employers)
- Continuous posting in conspicuous public places within the area served
- On the internet
- Electronic delivery or alert systems (e.g., reverse 911)
- Delivery to community organizations

NONCOMMUNITY WATER SYSTEM:

- Continuously post Notice in conspicuous places within affected PWS or service area **OR**
- Mail or direct delivery to each customer or service connection **(At least one of these two options is required)**
AND any other method reasonably calculated to reach other persons served by the PWS such as (choose one or more below):

- Publication in a local newspaper or newsletter distributed to customers
- E-mail to notify employees or students
- Electronic delivery or alert systems (e.g., reverse 911)
- Delivery of multiple copies to central locations (e.g., community centers, large employers)
- On the internet

In accordance with 30 TAC §290.122(g), all public water systems that are required to issue public notice to persons in accordance with 30 TAC §290.122, and that sell or otherwise provide drinking water to other public water systems (i.e., consecutive systems), shall provide public notice to the owner or operator of the consecutive systems.

This PWS provides water to consecutive systems and those systems have been provided public notice.

Notice to Consecutive Systems was delivered on: 5-9-2023 (date)
 by the following means: mail and electronic delivery

Comments: _____

"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fines and imprisonment for knowing violations."

NOTE: 30 TAC 290.122(f) requires the PWS to provide a copy of the Public Notice issued and a signed Certificate of Delivery to the Executive Director within 10 days.

Date of Delivery to Customers: 5-9-2023 Phone: 903-805-0603

**LEAD & COPPER RULE MONITORING AND REPORTING VIOLATION
MANDATORY LANGUAGE - TIER III**

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

FRANKSTON RURAL WSC has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 290, Subchapter F. Even though these were not emergencies, as our customers, you have the right to know what happened and what we are doing (or did) to correct these situations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During 03/31/2014; 01/01/2015-12/31/2015; 01/01/2016-06/30/2016; 07/01/2016-12/31/2016; 01/01/2017-06/30/2017; 07/01/2017-12/30/2017 we did not monitor for Lead and copper and therefore cannot be sure of the quality of your drinking water during that time.

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for these contaminants, how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which the follow-up samples were taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples were or will be taken
Lead and copper tap water sampling	6 months	20	01/01/2012-03/31/2014 01/01/2015-12/31/2015 01/01/2016-06/30/2016 07/01/2016-12/31/2016 01/01/2017-06/30/2017 07/01/2017-12/30/2017	10/03/2022
Lead and Copper entry point sampling	N/A			
Water quality parameters	N/A			

What is being done?

We are working to correct the problem. For more information, please contact [name of contact] at [phone number] or [mailing address].

Debbie Edmonson 903-805-0603

Please share this information with all other people who drink this water. especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by Frankston Rural Public Water System Number: TX 0010004
Date Distributed: 5-9-2023

Instructions for preparing the required Public Notice:

Recopy the mandatory language above and insert the underlined information in the spaces indicated.

Public Notice delivery timelines:

The initial public notice shall be issued as soon as possible, but in no case later than 12 months following the initial violation. All notifications require the attached Certificate of Delivery due 10 days from the posting date of the above notice. Public notice delivery may be provided by the Consumer Confidence Report (CCR), if 12-month requirement is met.

Refer to 30 TAC §290.122 for additional information on Public Notification.
